

NOTICE TO ARCHITECTS:

Request for Qualifications (RFQ) for Architectural Services
SACC-RFQ-14/15-001

South Arkansas Community College (SouthArk) in El Dorado, Arkansas is requesting qualifications for architectural services in connection with a proposed Advanced Manufacturing Technical Center (AMTC) Building to be located on the East Campus of South Arkansas Community at 3696 East Main Street in El Dorado, Arkansas.

Initial services will include programming, schematic design and design development for the complete construction of the building with cost estimating and recommendations for phased implementation. Construction documents, bidding and construction administration services will be then required for the initial phase of construction.

Written responses must address the follow criteria for evaluation in the selection process.

- 1) The specialized experience and technical competence of the firm with respect to the type of professional services required (metal building frame construction);
- 2) The capacity and capability of the firm to perform the work in question, including specialized services, within the time limitations fixed for the completion of the project;
- 3) The past record of performance of the firm with respect to such factors as control of costs, quality of work, and ability to meet schedules and deadlines; and
- 4) The firm's proximity to and familiarity with the area in which the project is located.
- 5) Proof of good standing and registration by appropriate Arkansas licensing board(s).

Responses will be accepted until Wednesday, September 24, 2014 at 2:00 pm. Send three copies of response to:
